

We provide practical support and advice from a partner led specialist healthcare team

Whether you are a GP, locum, consultant, dentist or pharmacist, we can help you manage your tax and accounting affairs (including superannuation) whilst demystifying some of the more complex financial issues you face, enabling you to effectively manage and deliver your 'day-job'.

Our dedicated specialist healthcare team has an abundance of expertise and experience in providing practical and flexible advice to healthcare clients, assisting you to transform the way you manage your business and financial affairs. No matter what your circumstance, our comprehensive suite of sector specific accountancy, tax and business advisory services will assist you in achieving your aspirations, whilst also ensuring you and your business are compliant with both tax and reporting responsibilities.

We pride ourselves on the relationship we build with our clients and our ability to provide expert timely advice in a language that you'll understand.

ArmstrongWatson®
Accountants, Business & Financial Advisers

Our services to the healthcare sector include the following:

ACCOUNTING SERVICES

Our specialist healthcare team understand the dynamic sectors in which you work. Their detailed knowledge of the medical, dental and pharmaceutical sectors enables them to deliver first class accounting services to you, whatever your business structure. Upon receipt of your accounting information we will prepare and deliver accurate and meaningful annual financial statements (and management accounts), challenging you on unexplained variances whilst proactively sharing opportunities to enhance your profit.

TAXATION SERVICES

Whether a partner in a partnership or a director/ employee in a company, we can provide tax compliance services to you and your business.

In addition to tax compliance services, we offer tax consultancy services, working with you to manage your tax affairs and those of your business, in an efficient and effective manner, both for today and for the future.

For higher rate tax payers, we will work with you to ascertain whether you are impacted by Tapered Annual Allowance, applicable when your pension fund growth exceeds pre-defined HMRC thresholds; and estimate your potential tax liability should your actual pension fund growth figures not yet be available.

PENSIONS AND SUPERANNUATION

Our specialist healthcare services team have many years experience of compiling Type 1 and Type 2 NHS superannuation certificates for client approval and onward submission to Primary Care Support England [PCSE]. Armstrong Watson's Financial Planning and Wealth Management team are also on hand to provide specific pension advice to individuals and assist in the selection of a pension scheme to meet the needs of your business.
