Professional Deputies & Trustees

How do we support you?

Providing specialist financial planning, trust accounting and investment expertise to deputies and solicitors dealing with vulnerable clients, personal injury, clinical negligence and compensation derived from these claims.

Our menu of services

Pre-Settlement - Our forensic accounting team has extensive experience of assisting solicitors with all aspects of personal injury claims, including loss of earnings and loss of pension. Matters often arise from road traffic accidents, industrial diseases, clinical negligence and workplace accidents. Where the injured party is self-employed, runs their own business or has a more complex structure to their earnings, our expertise is invaluable.

Post-Settlement - Specialist Financial Advice - We work with both Professional Trustees and Court Deputies to implement strategies to meet current and future obligations. We understand that, where the capital has come from an award of personal injury damages and claimants cannot earn a living any more, their damages award is vital to their future financial wellbeing. As their circumstances change over a lifetime, we can adapt their financial plans and investment strategies accordingly.

As a firm of Chartered Financial Planners we will work to understand the balance between your client's need for present cashflow and the long-term capital preservation that can protect future income.

We provide...

Cashflow Forecasting - This can really bring your clients personal financial situation to life to see a clear visual display of how future finances will look both from a cashflow point of view.

Cash Management Services - Providing a range of services for powers of attorney, court of protection deputies and trustees. This includes searching for the most competitive rates from instant access up to 5 years and/or structuring the cash portfolio under the Financial Services Compensation Scheme (FSCS).

Investment Solutions - Our philosophy is to utilise active management solutions as we believe in the skill and judgment of professional fund managers to choose where to invest and have the ability to manage the underlying assets according to economic and market conditions. Our Investment Committee, supported by extensive external research and expertise, monitors the whole of the market to choose the best options available across different risk profiles and asset allocations.

Other services we offer...

Professional Trustees - We are highly experienced professional trustees for a wide spectrum of trusts, including Personal Injury Trusts, and can offer guidance and support where required for both lay and professional trustees.

Court Appointed Deputies - As a deputy you will need to manage the protected person's money and assets in a manner which reflects their best interests so they remain appropriate and meet their current and future needs. When preparing annual court reports, we work with you to demonstrate that you have consulted and made decisions based on appropriate advice and supply you with proper and correct accounts which record all investments to submit to The Office of Public Guardian (OPG).

Court Appointed Deputies, Trustees and Attorneys - Whether a professional or lay person, deputy or trustee, our accountancy services are designed to ensure tax bills are minimised, tax returns are completed accurately and submitted on time. In the case of Office of the Public Guardian (OPG) annual returns we work closely with both professional and lay deputies to ensure accurate and timely submission of OPG returns. We offer a fixed fee for this service.

Payroll Services - As a professional deputy or attorney you take responsibility for the management of the of the claimants day to day needs financial affairs which could include the direct employment of other professionals services, for example, a privately recruited support team. We can provide tailored payroll services to allow you to focus on the ongoing management of their finances and budgeting.
